

# Transnational Quiz Contest Rules

## 1. Rules and regulations

The present rules and regulations have been set to guarantee transparency and the correct use of the game (Quiz Contest) among the 18 European families winners of the respective national Learning Games (1<sup>st</sup> and 2<sup>nd</sup> classified) and admitted to the Transnational Round.

## 2. Acceptance of Rules

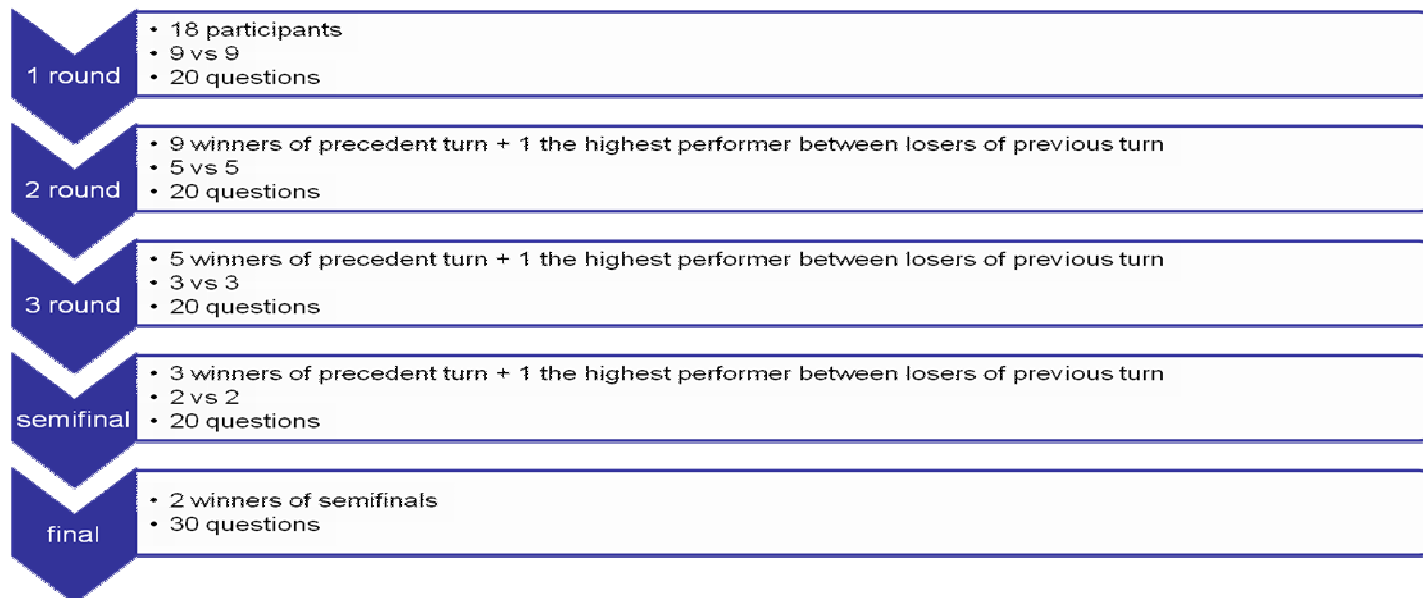

Participation by each family to the Transnational Quiz Contest implies the full and complete acceptance of the present set of rules by each family, and each partner.

Acceptance must be formalised, through the Moodle platform, before the beginning of the rounds and not after the date of Friday **5<sup>th</sup> of June** and the time **5:00 p.m.**, after reading the "Official Quiz Contest Rules", and then by clicking on "Acceptance of the Official Quiz Contest Rules" under the section Quiz Contest.

***The non acceptance of the present rules implies the exclusion from the game.***

## 3. General information

The QC is in 5 Rounds as shown below

Questions in the Transnational QC are in English.  
Time to answer each question: 1 minute

#### **4. Score**

The score depends on the answers given to the questions, on their difficulty, on the use of "helps" and "penalties" as shown below.

No Help,

- Right Answer: 1
- Wrong Answer: -0,5

Help 50/50

- Right Answer: 0,8
- Wrong Answer: -0,5

If a contestant uses the 50/50 "help" option for a 100 point question and gives a correct answer, he/she will be given 80 points; if the answer is incorrect 50 points will be deducted.

Question passed by opponent:

- Right Answer: 2
- Wrong Answer: 0

Help extra time:

- Right Answer: 0,8
- Wrong Answer: -0,5

Help change question:

- Right Answer: 0,8
- Wrong Answer: -0,5

#### **5. Meeting on the web**

The families must connect to the QC for every round according to the timetable.

The families must connect within and not later than 15 minutes after the set time.

The family that does not keep the appointment or does not connect within the maximum extra time allowed will be automatically disqualified and eliminated.

## **6. Challenge rounds**

It is possible to play only 1 match for each round, according to the calendar. Participants who do not comply with this rule will be excluded.

IMPORTANT: new challenge rounds must not be proposed or accepted if not previously authorised (besides those indicated in the timetable).

Each round ends with one family winning and one family losing.

Participating families who lose their round will be deleted from the QC (they will not be allowed to enter the QC again unless included in the repechage).

The matches that end in a draw will have to be played again according to modalities and calendar to be defined, in any case before the following round.

In case of repeated draw after the second round the winner family will be decided by drawing lots.

## **7. Settling disputes**

In case of problems (technical or other\*) which may compromise the game and the round and may create difficulties in attributing the victory, the family involved must present an official complaint via email, in English, to the following address ([progetti@montesca.it](mailto:progetti@montesca.it)) within and not after 3 hours from the event. Complaints will be examined and decided upon by the project coordinator on the basis of the technical partner's advice (Giunti O.S.). The coordinator's final verdict is without appeal. The non acceptance of the decision taken by the coordinator is reason for exclusion.

\* appeals for technical malfunctioning, or of any other nature, not related to the quiz contest platform will not be examined.
